10 Injured In Holiday Traffic Accidents

No Serious Injuries
Reported As Quad-City
Escapes Without Fatality

Despite a heavy Labor Day weekend traffic death toll across the nation, the Quad-Cities apparently escaped without fatality. While 10 persons were injured in area traffic mishaps, no one was reported seriously injured.

Twenty-three traffic accidents were reported by local police, with injuries in nine of them. Only one of the mishaps involved injury to more than one person, although most involved more than one vehicle.

Granite City man, Otto York, 39, of 2007 East 19th street, is a patient at Deaconess Hospital, St. Louis, with injuries received in a two-car crash on Edwardsville road just outside the city limits yesterday afternoon.

York's auto was involved in a collision with a vehicle driven by Chester Roszak, 36, a Granite City Steel Co. employee from Rosanna. York was treated at St. Elizabeth Hospital for lacerations, then transferred to Deaconess. Roszak was treated at St. Elizabeth for laceration to (Continued on Page 6, Col. 3.)

Homer Marmion, 55, Dies of Heart Ailment

Homer G. Marmion, 55, of 1150 Division street, Ponton Beach, an organizer and charter member of the Long Lake Volunteer fire department, died of a heart ailment about 11:45 a.m. Saturday at the Cochran Veterans Administration Hospital, St. Louis.

He had entered St. Elizabeth Hospital Saturday morning and was transferred to the VA hospital.

Mr. Marmion, a lifelong resident here, was a shearer at Granite City Steel Co. where he was employed 37 years. He was a member of Steelworkers Local 67. He was a world war II Army veteran and member of Disabled American Veterans Chapter 53.

Active in civic affairs, Mr. Marmion headed a Ponton Veterans bond issue.

Thieves Work On Holiday Weekend

\$900 Taken From Bus
Firm's Safe; 11 Other
Break-Ins Reported

A deft safecracker who opened a floor safe in the Community Coach Co. office, 1600 Grand avenue, made off with about \$900 cash without leaving a mark on the safe. The theft was discovered about 9:15 a.m. yesterday by Leonard Azzerlo, superintendent of operations.

The safe burglary was one of 12 thefts reported to local and county authorities over the long holiday weekend. A local service station was visited twice by burglars, another safe that had been left open was ransacked, and there were burglaries of four other business places, a shopping cart, two attempted break-ins at a home and a private garage was looted.

The bus firm's garage was entered through an open door, and the thief pried open an inside door leading to the office. Police said even the door frame was pried loose.

Inside the office, the safecracker is believed to have opened the old safe by manipulating the combination. Nothing else in the office was disturbed. Missing were about 28 sacks deposited in the safe by drivers. The sacks contained cash, transfers, trip sheets and tickets. A deputy-type safe, the sacks fell to the bottom of an (Continued on Page 15, Col. 1.)

37 WITHOUT QUAD-CITY TRAFFIC DEATH

August was an exceedingly dry month in the Quad-Cities area. Rain of any amount fell on only three days, totaling a mere 1.37 inches for the month, according to the measurements taken by the U.S. Army Corps

of Engineers at the Chain of Rocks canal locks.

Precipitation normally totals 3.42 inches in August.

The Quad-Cities area had traces of rainfall on five other days. The traces were too small to be measurable, however.

In addition, .37 inches fell Friday afternoon, the last day of the month. This precipitation fell after the final reading had been taken for the month, however, and was not measured until Saturday morning, Sept. 1.

But even with Friday's last-minute contribution to the total, August still was a dry month. Records show .38 inches of rain Aug. 5, .39 inches on Aug. 21, and .49 inches on Aug. 23. Traces were recorded on Aug. 6, 7, 11 and 12.

The Quad-Cities area has had 26.47 inches of precipitation so far this year. Last year at this time the total was 34.69 inches. The Quad-Cities area also had 26.47 inches of precipitation for the year. Last year there was a total of 29.32 inches at the airport. The normal amount is 25.32 inches.

Rain Mars Labor Day Here

(Picture on Page 6.)
Quad-Citians picnicked under shelters on a rain-soaked Labor Day holiday.

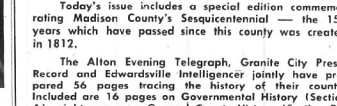

The damp weather halted most outdoor activity yesterday, and luckily caused few traffic accidents.

The area's traffic accident statistics for the long weekend showed 23 mishaps with ten injuries, none serious, and no fatalities.

However, the holiday was marred with the double drowning of a St. Louis mother and small daughter on the Missouri side of the Mississippi River. A local couple with a boat transported the victims to the Bow Line Boat Club on the Hartford canal, but the St. Louisans were pronounced dead upon arrival at the Wood River Township Hospital.

Excitement At Fires
The weekend span was not without excitement. Fires answered two alarms, early Sunday morning and again Sunday evening, at the Jensen-Wright Corp. plant. A vacant house burned down last night at 1100 St. Paul street.

Thieves also were active over the holiday weekend, as outlined elsewhere in this issue. While yesterday's rain, measured at a mere .02-inch at the canal locks gauge, curbed picnics at the park but did not halt the festival with its rides and concessions. Ball games also were played in the drizzle, and John Tate's band proceeded with its evening concert before (Continued on Page 6, Col. 1.)

Today's issue includes a special edition commemorating Madison County's Sesquicentennial — the 150 years which have passed since this county was created in 1812.

The Alton Evening Telegraph, Granite City Press-Record and Edwardsville Intelligencer jointly have prepared 56 pages tracing the history of their county. Included are 16 pages on Governmental History (Section A), eight pages on General County History (Section B), 16 pages on the county's Cultural History (Section C) and 16 pages relating the history of industry and Labor (Section D). Total circulation will be 75,000.

Extra copies of this issue of the three newspapers have been printed and will be available on newsstands and at the newspaper offices at the regular price. Orders for individual copies wrapped and mailed will be taken at each office; the total cost of these, including mailing, will be 25 cents.

Along with its portion of the County Edition, the Press-Record has prepared additional articles and photographs dealing with Quad-City history. They appear on the last five pages of the regular issue, preceding Section A.

Measurable Rain Fell On Only Three Days During August

Also includes provisions for a sewage treatment plant and for water saving and fencing of the Nameoki stream water drainage ditch.

The treatment plant is a must. Its construction has been ordered by the State Sanitary Water Board to halt city pollution of the Mississippi River. Because of the city's delay in building a treatment plant, the state water board a year ago placed a ban on any extensions to the present sanitary sewer system.

This order has resulted in a sharp reduction in development of subdivisions in Granite City.

Local Couple Aids In Futile Rescue Of Drowning Victims

A local couple, on a cruise along the Mississippi River Sunday afternoon attempted to aid a St. Louis family involved in a tragic double drowning at the confluence of the Mississippi and Missouri Rivers.

Mr. and Mrs. Donald Birk, Rural Route One, were attracted to the drowning scene on a mud bank by towel signals. They rushed the victims to the Bow Line Boat Club docks at Hartford, where an ambulance was summoned.

However, the mother and daughter were pronounced dead at Wood River Township Hospital.

Artificial Respiration Fails
The Birk's and several friends had been boating on the river in an outboard cruiser when they spotted the signals. Pulling in, they saw members of the Cozart party applying artificial respiration to the mother and daughter.

Since the area is inaccessible to an ambulance, Birk transported the mother and daughter to the Bow Line docks at the Hartford canal where they were transferred to an ambulance.

Authorities said the Cozart party had been picnicking near the Missouri river when the girl, discarding her life jacket, went into the water toward a mud flat. The mother, a non-swimmer, ran in after the child, and they both sank into the water in a swift current and were pulled out three or four minutes later.

The Birk's live along the Mississippi River. Rural Route One, south of the accident site. He is employed at Dow Metal Products Co., Madison.

Fire Destroys Vacant House; Two Blazes At Plant

A roaring fire destroyed a vacant house about 9 o'clock last night. Hundreds of spectators were attracted to the scene at 1100 St. Paul street in the Heidelberg area.

Granite City firemen also were summoned twice to the Jensen-Wright Corp. plant on Sunday to extinguish an early morning blaze in a coal bin building and an evening blaze in the same structure. Damage was set at \$500.

Last night's fire completely destroyed the unoccupied house which was in a field off St. Paul street. Firemen believe the blaze was started either by youngsters playing in the house or possibly by a discarded cigarette.

The structure was located near railroad tracks. The loss was set at \$250.

60 Tons Of Coal Lost

Stanley Bell, manager of the local Jensen-Wright plant, said that 60 tons of coal stored in the brick bin building inside the plant was lost in the fire. The blaze burned from 2:30 to 8:30 a.m. and had to knock holes in the brick walls to douse the smoldering fire.

The second fire at 6:30 p.m. was in a wood shaving bin adjacent to the coal bin. Firemen were on the scene 45 minutes.

Assistant Fire Chief Curtis Dorsey said the coal fire apparently was started by spontaneous combustion, and the second blaze is believed to have resulted from the first.

Records show .38 inches of rain Aug. 5, .39 inches on Aug. 21, and .49 inches on Aug. 23. Traces were recorded on Aug. 6, 7, 11 and 12.

The Quad-Cities area has had 26.47 inches of precipitation so far this year. Last year at this time the total was 34.69 inches. The Quad-Cities area also had 26.47 inches of precipitation for the year. Last year there was a total of 29.32 inches at the airport. The normal amount is 25.32 inches.

Drive Launched For Approval Of Bond Issue

**Building Permits
In GC For August
Nearly \$400,000**

Boosted by a permit for the planned new Travelodge Motel, building permits issued in Granite City during the final week of August totaled \$240,864—sending the total for the month to \$338,867.

Earl Bloomquist, city building inspector, said permits issued during the week netted to the \$200,000 motel permit total \$7100 for home repair and improvement projects, \$27,000 for new homes, \$3229 for commercial projects, \$2123 for garages and carports and \$400 for an advertising sign.

A permit was secured by Patrick Busch for a \$19,000 home at 25 Bermuda lane in Holiday Gardens. Of brick veneer, construction, it is to have six rooms and two baths.

David McFarland received a permit for a four-room and bath frame home at 2602 West 22nd street. Cost is estimated at \$8000.

Two permits were issued for commercial property improvements, both to the G.C.T. Realty Co. A \$2383 permit was issued for razing and rebuilding a concrete block retaining wall at 1911 Edison avenue, and a \$646 permit was given for installation of new doors and repairs at 1314 Niedringhaus avenue.

The electric advertising sign permit was issued to the G.C.T. Realty Co., 2533 Madison avenue.

Home Improvements

Local project permits were issued as follows:

Mina Pitchford, 2115 Missouri avenue, \$240; Edith Shafer, 2511 State street, \$500; Gary Kelt, (Continued on Page 15, Col. 8.)

Steelworkers And Laclede Steel Ok Two-Year Contract

Agreement was reached Friday between Laclede Steel Co. and Local 1783 and 3645 of the United Steelworkers of America for a new labor agreement effective Sept. 1.

The new two-year contract with a reopening clause for 1963, covers 100 employees at the Madison plant, represented by Local 1783, and about 2700 workers at the firm's Alton works.

The new agreement sets forth fringe benefits amounting to about 12 cents an hour. They include more liberal vacation, pensions, improvement in supplemental unemployment benefits and a new savings vacation plan.

A number of local issues also were included, but details were not disclosed.

Negotiations started in early July with final settlement reached on Friday.

Reasons For Approval

"Developed after three years of study, the program is worthy of support for many reasons, especially public health.

"It offers local handling of the problem for too long—the nuisance and health menace of streets, yards and basements flooded with storm water and raw sewage."

Local Family Stands to Benefit

Having passed the challenge with a resounding 'Yes' vote Oct. 2, they will be assuring people job opportunities, a high income level, greater sharing of property taxes and an increase in construction work and other payrolls."

Mitchell Water Tap-On Fee Increases Oct. 1

Residents of the Mitchell area who have signed for water service but have not yet completed their connections are being advised the tap-on charge will jump to \$10 effective Oct. 1.

Edw. Juma, project engineer, said the connections under construction under contract are being made at a fee of \$75, but that the contract expires on Oct. 1.

At that time, close to 800 connections have been completed for the Mitchell Public Water District. In advance, 832 households had signed for the service.

The chairman said many private individuals also have volunteered their services toward the success of the grass-roots campaign. He expressed hope and confidence that other citizens will rally to the cause of adequate drainage and pollution relief, commenting that the issue is the most important ever to confront Granite Cityans.

"The program is large and complex, but we have found that those who have an opportunity to learn all of the facts about it become enthusiastic supporters. It is the committee's intention to make the information available in every possible way during the next four weeks so that residents will have a chance to cast an informed vote when they go to the polls Oct. 2," Hoelscher said.

Citizens wanting to volunteer their help may contact Hoelscher at TR 6-4252. Those desiring a speaker on the drainage problem for a meeting of their organization may reach the Speakers' Bureau chairman, Mrs. Gabrielle Betine, at GL 2-3376.

Unfair Labor Practice
Alleged Against Wgmu

The International Brotherhood of Electrical Workers Local 4 filed an unfair labor practice complaint Thursday with the regional director of the National Labor Relations Board in St. Louis against radio station Wgmu of Granite City.

The complaint was filed by the IBEW attorney Jack Joyce of St. Louis. It alleges interference with broadcast engineer employees' rights by the employer.

Joyce said three allegations were cited (1) a "back door" agreement with the Teamsters Local 525. (2) The recent injunction action taken in Madison county circuit court enjoining the union from publishing or uttering material interfering with the station's relations with its customers and (3) The situation of June 16 when a member of Local 4 who was handling a city ordinance which prohibits indiscriminate distribution of printed material, or merchandise.

Joyce said, "We will have to substantiate our charges with documentary evidence. The board will determine if the employer's earnings are sufficient to accept jurisdiction. Interstate business must exceed \$50,000 annually to qualify for NLRB jurisdiction.

IBEW members went on strike against the station June 1. The rest of the technicians joined the Teamsters Union.

County's Sesquicentennial Fete To Be Held Nightly; Schedule Of 'Fairground' Events

A detailed schedule of events planned for the week-long Madison county sesquicentennial celebration at the old Kettle River fairgrounds south of Edwardsville was announced this week by the sesquicentennial committee.

The seven-day observance of the 150th anniversary of the county will begin on Sunday, Sept. 9, with a 2:15 p.m. grounds opening ceremony conducted by Gus Haller, chairman of the Madison county board of supervisors.

The regular fall meeting of the Madison County Historical Society will take place at 2:30 p.m. Main goal of the sesquicentennial is to raise funds to improve and permanently house the society's historical museum.

Religious services Sunday also will be observed as religious day, with Lutheran services at 3 p.m. conducted by Rev. Alfred Baas, Granite City's Hope Lutheran Church and president of the Southern Illinois district, Lutheran Church, Missouri Synod.

Catholic services are planned at 5 p.m. and are to include a pageant of the rosary. A Protestant hour will be observed at 7:30 p.m. with Dr. Curtis Jones, pastor of the Union Avenue Christian Church in St. Louis, occupying the pulpit. Presidents of the various Protestant ministerial alliances will participate in the services and a massed choir will provide music.

Earlier in the day, at 4 p.m., a massed band concert will be presented under the direction of Franklin C. Kreider.

Monday, Sept. 10, will be observed as Governor's day, with the cities of Alton, East Alton, Wood River, Roxana, South Roxana, Hartford, Monticello and Godfrey to be recognized.

At 7:30 p.m. selections from "Music Man" will be presented.

Two Fires Saturday—

Awning And Plant

Granite City firemen answered two fire alarms Saturday. At 12:30 a.m. an awning fire was extinguished at Kopp's barbers shop, 2040 Illinois avenue. Damage was estimated at \$25. It is believed a cigarette butt was flicked into the awning.

At 8:30 a.m. firemen responded to an alarm at the A. O. Smith Corp. plant. There was a small fire in the paint shop caused, it is believed, from a welder's torch. The plant's own personnel put out the fire with extinguishers.

Capt. Green Completes AF Instructor Course

Capt. William L. Green of Fairfield, Ill., has completed U. S. Air Force course for academic instructors at Maxwell Air Force Base, Ala.

He is being reassigned as an assistant professor of air science with the Air Force Reserve Officer Training Corps (AFROTC) unit at the University of Idaho. The captain, a graduate of Southern Illinois University, is a former associate of Fairfield public schools. His wife is the former Betty A. Kleinmann of Granite City.

Pageant Presentations

The first of six presentations of the county historical pageant, "Our Year," is set for 8 p.m., to be followed by the crowning of the sesquicentennial "queen" by Lt. Gov. Samuel Shapiro. A 9:30 p.m. fireworks display will conclude Monday's activities.

Granite City, Madison, Venice, Mitchell and Nameoki township are the areas to be recognized on Tuesday, Sept. 11. Entertainment will begin at 7:15 p.m. with a square dance program by the Star Dusters of Madison. Officials of the local area are to be introduced. The historical pageant will be presented at 8 o'clock, and fireworks will again conclude the day's activities at 9:30.

The pageant another fireworks display and the introduction of officials from the cities and townships of William, Mono, Dorsey, Worden, Alhambra, Livingston, Prairieville and Fosterburg are planned for Wednesday, Sept. 12.

Political 'Days'

Thursday is set aside as Democratic day, with speaking appearances by Rep. Sydney Yates, U. S. senatorial candidate, and state Treasurer Francis Lorenz at 6:30 p.m. Local area candidates will be introduced, and the pageant will follow at 8 p.m., after officials from Collinsville, Maryville and Troy, honored cities on Thursday, have been introduced. Fireworks will again conclude the day's program at 9:30 p.m.

Republican day is scheduled to be observed on Friday, Sept. 14, and the towns of Highland, New Douglas, Hamel, St. Jacob, Marine, Carpenter, Granite City and Pierson, plus Pin Oak township, will be honored.

Sudanese Student Faces Two Charges Here

A Sudanese student at Rolla School of Mines, Rolla, Mo., was lodged in the Madison county jail about 4:30 a.m. Monday following a fracas with a special deputy sheriff outside the Lake-side tavern at Eagle Park.

The student, Mohammed Ali, 26, was charged with disorderly conduct and resisting arrest. In an altercation with Special Deputy Ment Lee of Venice, the student reportedly spit in the deputy's face.

The deputy was called after the student had a picture taken outside the tavern and refused to pay the photographer. He had to be forced to accompany the deputy to the Madison jail.

GO TO CHURCH SUNDAY

If You Don't Do Anything Else Today PLEASE READ THIS LETTER

Dear Driver:

A few weeks ago, I saw a little girl struck by a car as she tried to cross the street. I saw a father race toward her and hold her to him as she struggled in the agony of death. I saw all the plans that had been made for her dashed and I saw the look of despair that came over his face. I could only offer a prayer that such a thing might never happen again.

Today my daughter, who is 6 years old, started off to school. Her cocker spaniel, whose name is Scoot, watched her leave and whined his belief of folly of education.

Tonight we talked about school. She told me about the girl with yellow curls, and about the boy across the aisle who makes faces; about the teacher who has eyes in the back of her head; about the trees in the school yard and the big girl who does not believe in Santa Claus.

We talked about a lot of things—tremendously vital and unimportant things.

Now, as this is written she is sound asleep with her doll "Paddy" in her arms.

When her doll gets broken or her finger gets cut or her head gets bumped, I can fix them. But when she starts across the street—then, Mr. Driver, she is in your hands.

Much as I wish I could, it's not possible for me to be with her all the time. I have to work to pay for her home, her clothes, her education.

So, Mr. Driver, please help me to look out for her. Please drive carefully. Please drive slowly past schools and at intersections. And please remember that sometimes children run from behind parked cars.

Please don't run over my little girl.

With deepest thanks for whatever you can do for her, I am,

Very sincerely yours,
(Signed) FATHER

Miss Nancy Warfield And John Crnkovich Jr. Wed

The wedding of a former Granite Cityan, Miss Nancy Warfield, a daughter of Mr. and Mrs. Cale Warfield of Collinsville, and John Crnkovich, whose parents are Mr. and Mrs. John Crnkovich sr., 1022 Iowa street, Madison, took place Saturday morning at St. Peter and Paul Catholic Church in Collinsville. Rt. Rev. Msgr. Robert Eager officiated at 9:30 a.m. Nuptial Mass.

The bride wore a floor-length gown of white silk organza over taffeta with a scoop neckline and short sleeves. The veil was embroidered with a floral pattern and the detachable train was secured by a bow at the waistline. An illusion veil was gathered to a wreath of orange blossoms and the bride held an arrangement of white Fuji mums centered with a white orchid. Mr. Warfield gave his daughter in marriage.

Miss Nancy O'Hara, maid of honor, and Mrs. Buddy Gene Warfield, a sister-in-law, Mrs. Ronald. Gushett, the bride-

groom's sister, and Miss Dorothy Ford, bridesmaids, were dressed alike in antique gold and peach satin sheaths enhanced with graceful overdrills. They wore matching headbands and carried cascades of bronze pom poms. A little flower girl, Denise Friend, was similarly attired. She carried a basket of bronze and gold pom poms.

William Diak was best man for Mr. Crnkovich; and Buddy Gene Warfield, a brother of the bride, Jerry Diak and Donald Chilcote were groomsmen. John Severine served as usher.

For her daughter's wedding, Mrs. Warfield selected a sheath of beige lace over cocoa taffeta with matching accessories. While the bridegroom's mother wore a forest green ribbon lace sheath over taffeta and beige accessories. Both had white orchid corsages.

The wedding breakfast and reception were held at the Polish Hall in Madison. After a trip to Texas and New Orleans the couple will live at 3229 Pershing avenue, Granite City.

The bridegroom received a B.S. degree in mechanical engineering from the University of Missouri. He is now employed in the Electronics and Avionics Division of Emerson Electric Co., in St. Louis and is enrolled in St. Louis University Graduate School. His fraternities are Alpha Tau Omega, social, and Pi Tau Sigma, honorary.

The former Miss Warfield was graduated from the Collinsville high school after attending the elementary schools here. She is employed as a secretary by Union Electric Co. in Cahokia.

Miss Elizabeth Janet Anthony And James R. Fuhrman Wed

Miss Elizabeth Janet Anthony, only daughter of Mr. and Mrs. Leo Anthony, 29 Oaklawn terrace, and James R. Fuhrman, a son of Mr. and Mrs. James J. Fuhrman, 2315 Edison avenue, were married Friday evening at St. Peter United Church of Christ, 21st street and Cleveland blvd.

The 7:30 ceremony was performed by Rev. Robert Baumann in the glow of candles in branched candelabra. Bouquets of white gladioli and pom poms decorated the altar flanked at either side with greenery. The candles were lighted by Miss Joyce Whittle and Miss Ruth Baumann.

Presiding at the organ was Mrs. Gordon McCallister, who accompanied the soloist, Keith Curtis, and played the traditional wedding marches. The songs were "Bless This House," "Prayer" and the Lord's Prayer.

Sheer white nylon was used to fashion the bridal gown. Made on princess lines it had a slim bodice trimmed with chantilly lace edged with pearls, a scoop neckline and short sleeves. The full skirt featured a chapel train and a three-tiered butterfly bow in the back. A bouffant shoulder-length veil was held in place with a coronet of sequin-highly lighted, tulle leaves and full tulle. The bride's bouquet was composed of white carnations, she was given in marriage by her father, high school.

Preceding the bride and her father to the altar was a maid of honor, Miss Donna Willard, a bridesmaid, Miss Judith Pugh, the bride's cousin, and two little flower girls, Cynthia Fuhrman, the bridegroom's sister, and Carol Lynn Kinney, god-child of the bride.

James Fuhrman was best man for Mr. Fuhrman, and John Leo Anthony, a brother, served as groomsmen. Michael Harris and Walter Wheeler were ushers.

The bride's attendants were dressed alike in white embroidered nylon organza over pink taffeta with shirred pink cummerbunds and skirts formed of small gores. They were hair-rins-length and scalloped. The honor attendant and bridesmaid held bouquets of pink daisies and ivory and the little flower girls carried baskets of white pom poms.

For her daughter's wedding, Mrs. Anthony chose a powder blue lace sheath over taffeta with matching hat and accessories, while Mrs. Fuhrman, the bridegroom's mother, wore beige lace and beige accessories. Both had corsages of white carnations.

The wedding reception was held in the Fellowship Hall directly after the church service. Assisting were Mrs. Mary Bauman and Sharon Beckett. Miss Kathleen Glaser presided as the guest book.

After a short wedding trip, the newlyweds will live at 2423 Edwards street. Mr. Fuhrman is a student at Southern Illinois University Residence Center in Alton. His bride is employed as a secretary by a local construction company. Both young people are graduates of the Granite City high school.

Among the out-of-town guests here for the wedding were Mr. and Mrs. Donald De Priest, Munster, Ind. godparents of the bridegroom, Mrs. Arnold Stein, Mrs. Maxine Windisch, secretary, Mrs. Alma Graut of Mascoutah, and others from Collinsville and St. Louis.

MR. AND MRS. JAMES R. FUHRMAN, who were married Friday evening at St. Peter United Church of Christ, 21st street and Cleveland blvd. The bride is the former Janet Anthony, only daughter of Mr. and Mrs. Leo Anthony, 29 Oaklawn terrace.

Welcome Club Installs Officers

A candlelight installation ceremony was held Thursday evening in connection with a meeting of the Welcome Wagon Club at the Granite City Trust and Savings Bank.

Mrs. Arlene Walker, city hostess, served as installing officer and those taking office were Mrs. Emma Morrow, president; Mrs. Jackie Papa, vice-president; Mrs. Maxine Windisch, secretary; and Mrs. Grace Upton, treasurer.

A car wash was planned to raise funds for the Christmas project and all newcomers to the city who have not been contacted were asked to call TR 7-7346.

Among those present at the meeting were the following guests: Mrs. Judith Gervais of St. Paul, Minn.; Mrs. Mary Hemphill, Mrs. Linda Hutchings, Mrs. Helen Warren, and Mrs. Polly Campbell. New members enrolled were Mrs. Joan Bolts and Mrs. Grace Upton.

Refreshments were served by the hostesses, Mrs. Walker and Mrs. Lorraine Decatur. Games were played and prizes were awarded.

A pot luck supper will be a feature of the next meeting Sept. 22 at Lee Park in Venice.

Moser-Shane Wedding Takes Place At Presbyterian Church

First United Presbyterian Church, 22nd street and Delmar avenue, was the scene of the wedding Saturday evening of Mrs. Carol Johnson Shane, a daughter of Mr. and Mrs. Floyd Johnson, 2532a State street, and David Moser, a son of Mr. and Mrs. Fred Moser, 2001 Iowa street. Rev. David B. Maxton heard the vows of the couple at 7 o'clock.

Wedding music was provided by Kenneth Mac Clatchey, organist, and attendants were Mrs. Carol Wallace, a sister of the bride, and William Moser, the bridegroom's brother.

The bride selected a dress of gardenia white. Street-length, it was made with a modified scoop neckline in the front, dipping to a low V in the back and outlined with tubing of silk organza. The molded bodice of organza over taffeta had short sleeves edged with the tubing and the sheath skirt of taffeta featured an overall of organza flared and gathered in soft folds at both sides to form a double tier and coming together at the front with a large flat bow. Shell pink gloves and shoes completed the bride's costume. Her tiered veil of silk illusion, scalloped, was held in place with a crown of seed pearls with one large tear drop pearl in the center front. The bride's bouquet consisted of white carnations centered with a corsage of pink sweetheart rose buds and stephanotis.

The bride's mother was in a yellow brocade sheath and a matching duster, while the bridegroom's mother wore light blue embroidered organza. Both mothers wore white accessories and white carnation corsages.

Bouquets of white summer flowers decorated the altar for the double-ring ceremony. Jon Lostutter, of Collinsville, a cousin of the bridegroom, and Stan Kowalewicz served as ushers.

The wedding reception was held at the home of the bridegroom's parents and the newlyweds left later for a honeymoon in the Missouri Ozarks. When they return they will reside at 3001 Iowa street.

Assisting at the reception were Mrs. Arthur Aene, Mrs. Paul Hopper, and Mrs. Robert Cashen. Mrs. Robert Kraus presided over the guest book.

The bride, a graduate of the Granite City high school, is employed as a teller at First Granite City National Bank. Her husband, a computer for McDonnell Aircraft Corp., attended Southern Illinois University in Carbondale. His fraternity is Theta Xi.

Miss Judith Anne Green And John Reece Wed Saturday

In a morning ceremony taking place Saturday at First Congregational Church in Springfield, Ill., Miss Judith Anne Green, youngest daughter of Mr. and Mrs. Cecil C. Green, 1835 Market street, Madison, was married to John Conover Reece, a son of Dr. and Mrs. W. T. Reece of Springfield.

Rev. Dr. Virgil E. Myers officiated at the 10 o'clock service before the altar lighted with candles in candelabra and adorned with summer flowers. The wedding breakfast was held afterward at the Leland Hotel.

Given in marriage to her father, the bride was attended by Miss Sharon Jeanne Reece, the bridegroom's sister, as maid of honor, and Miss Betty Kern of Madison, bridesmaid. Harold Perkins of St. Paul, Minn., served Mr. Reece as best man and Roy Booker Jr., of Springfield, was groomsmen.

An exquisite gown of ivory silk brocade was worn by the bride. It featured a scoop neck and elbow-length sleeves, the princess, corded bustline flowing into a slightly flared skirt and ending in a cathedral veil of silk illusion and the bride carried a cascade of stephanotis and white orchids.

The attendants were gowned alike in strawberry orange brocade with scoop necks and elbow-length sleeves. The full length skirts were cut in front with unpressed pleats in the back. Headpieces were crowns of matching material, oriental in design. Both held cascades of white roses.

A little flower girl, Linda Sue Cargina, wore a lace-trimmed corset of white silk organza and carried a small bouquet of white roses tied with red ribbon.

The bride's mother was in beige silk with brown accessories. Mrs. Reece, mother of the bridegroom, was in light blue silk and lace. Both wore orchid corsages.

After a wedding trip to Florida and Jamaica, the newlyweds will be at home at 839 S. Second street, Springfield. Mr. Reece is employed by International Business Machine Co.

A meeting of the Gideon Society and Auxiliary was held Monday evening at the Schumacher Prayer House, 2318 Illinois avenue.

Separate business discussions were conducted by the presidents, James William Jr. and Mrs. Hugh Foster, and plans were made for a rally in November. Twelve were present.

Serwatka's Two-Out Homer Boosts Polish Hall To Slow Pitch title

They didn't award a most valuable player trophy at the conclusion of the championship bracket in the park district's slow pitch softball tournament here Thursday night, but if one had would have given it most surely to Stan Serwatka of Polish Hall.

Serwatka belted a two-out, three-run homer in the bottom of the seventh off Ernie & Annie's pitcher Rich Demerese to take his shaky infield off the hook and win the first place trophy 9-8.

Polish Hall had frittered away a 5-2 lead in the seventh when Andy Basarich hit a solo homer for Ernie & Annie's and the Tavern league champion's infield, which had played tight defensive ball previously in the tournament, erred in the turn of four additional unearned runs.

Coupled with a single Ernie & Annie's marker in the sixth, also as the result of an infield error, the seventh put Polish Hall in a 5-8 hole.

Error Is Beginning
Demerese, who had relieved Ray Serrano in the seventh, was let down himself when Paul Schuler's fly to left dropped for a two-base error. Schuler scored on Bill Diak's single with one out, but Diak was retired at third for the second out after Joe Fedora had singled and Frank Spohr had reached on the fielder's choice which was called in the fourth.

Serwatka then unloaded his homer to dead center field, with the ball getting to the outfield just out of reach of Mercie Mendoza. The Madison teacher had pitched a five-inning, 12-2 victory over Club Delmar in a semifinal game earlier Thursday.

Expert Shopping Can Save Housewife's Budget

Specials in the food market are an accepted part of food merchandising. They can lead to sizable savings on food expenditures. The extent of the savings will depend on the ingenuity of the family food shopper; the skillful shopper will have an eye for a bargain.

Many people think a special is a bargain, but this is not always true. These tips may help when buying specials:

(1) Check special prices to see that they are really bargains.

(2) Buy in quantity when a quantity discount is offered and when the added purchase can be effectively used or properly stored.

(3) Buy large sizes if they will be used. Be sure the special price and sizes match, saving over the price of the large size.

(4) Read the ads and clip the coupons ahead of time, so you will be alert to specials when you see them.

(5) Buy in season. Reduced prices because of the abundant supply in season are truly special.

(6) Buy tie-in items only if you really have a use for them. Buy two for 29 cents and store the extra one at home rather than for the 15 cents to store and another next week.

(7) Follow the meat specials. This can mean considerable savings.

(8) Avoid excessive impulse buying (it can be expensive), but be ready to snap up a bargain when you see it.

(9) Be alert to changes in price for whatever reason and be ready to snap up a bargain based on your own know-how.

(10) Avoid paying top prices for inferior quality you wish to use. Resist the high-pressure sales pitch, unless you need and can get a favorable price on the item.

(11) Take time to compare, before you start and while you shop. The pennies you save today will be your dollars tomorrow.

day evening, and hurled two shutouts in the opening round and quarterfinals earlier in the week, one accomplishment in slow-pitch play.

Ernie & Annie's, which developed into the tournament's come-from-behind club, rallied for four runs in the last of the seventh to edge Madison Baptist in the lower bracket semifinal Thursday. Ernie & Annie's did it with base hits, offsetting four home runs, including two by Bob Page, which accounted for seven Baptist runs. The final score was 10-5.

Club Delmar Third
Club Delmar then scored an 11-1 victory over Madison Baptist to take the third place trophy, putting together seven hits, including Frank Scarfale's three-run homer, in a seven-inning, Ira Martin hit the first in the fourth, and added four times at bat for the Baptists, and Bill Page also hit one out.

SPORTSMAN'S CLUB advanced to the consolation final with a 13-1 whitewash of Madison Bowling Club, 50, of 1710 Avenue, and Spangler made it to the finals by ousting Rome & Roy's 11-4.

The consolation trophy winners overcame a 4-3 Spangler lead by scoring six times in the sixth inning. Jim Goodrich was the winning pitcher, Bill Cranter the loser.

Season Ends On Our Note
Jesse Ybarra connected for two home runs for Sportsman's, while Bob Dant and Bob Morris each hit one round-tripper for the winners. Ybarra batted one out of the park for Spangler.

Cranter was the winner in Spangler's 11-4 decision over Rome & Roy's Spangler put together three-run innings in the first and fourth, and added four runs in the fifth. Bob Jones had four hits, including a double, for the winners.

SCHOOL OPEN DRIVE CAREFULLY

Automobile Club Opens School Safety Campaign

The AAA, Automobile Club, Illinois Division is launching its annual September School Opening Safety Campaign by reminding motorists that "School's Open, Drive Carefully."

Mr. Keesling, a director of the club, stressed that motorists should be especially careful near schools, particularly streets and corners where there are no school safety patrols or other protection provided to safeguard the children.

"We must keep in mind," Mr. Keesling said, "that the children are coming to and from school at the time of the day when the traffic is often heaviest. By constantly being on the alert for children, motorists will help insure their safe passage to and from school."

The Auto Club's School's Open campaign began in 1953 when September was one of the most deadly months, where, due to a large part to this campaign, September is one of the safest months. The School's Open program has become nationwide with a standard poster being used by AAA clubs throughout the United States.

The annual campaign is directed at motorists each year to remind them that they must be alert for young children who are starting back to school.

Stanley M. Keesling, safety director for the Auto Club, stressed that many school-bus children still are too young to be aware of the dangers involved in crossing streets and highways. Motorists must assume responsibility for the safety of these little ones, Mr. Keesling pointed out, particularly during the first months of the school year before children have had the benefit of school safety training.

The Auto Club, to remind motorists of their responsibility, will post 14,000 posters and distribute 22,000 bumper strips this fall throughout the territory. Both posters and bumper strips remind drivers that "School's Open, Drive Carefully."

The Granite City team defeated host Danville 5-4 in Saturday night's quarterfinal round behind Mitchell's six-hit effort. Decatur defended its state title successfully by topping Dewey Fisher in the final contest last night.

Jim Rippy drove in both runs Thursday night as the Granite advanced to the quarterfinal round with a 2-0 victory over Gillespie.

The Granite scored in the third on Rippy's single after Jim Grove had drawn a walk and engineered a delayed start of second base. Rippy singled again in the sixth after Dewey Melton had hit an infield single and moved up on a sacrifice bunt.

Winnipeg pitcher Ken Mitchell allowed just three hits, one of them on the infield, and walked only one batter. Gillespie batters hit only six balls out of the infield—four of them outs.

The Dounstate Fisherman

(Prepared from area reports by the Southern Illinois University Information Service.)

Improvement in river fishing and continued fair crappie fishing sum up area angling conditions for the summer.

The bars are up below dam 53 on the Ohio and fishermen have been taking some good hauls of stripers, white perch and catfish. Good to average are reports from various Mississippi River locations.

Crappie fishing held the spotlight at Lake Murphree where sizes are consistently averaging from a half pound to three quarters. Bill Benton took 28, Bob Fenwick caught 50 and Junior Lane added 30 more in this weight class. All are from Murphree.

Hearts, Mercer Split I-C Labor Day Doubleheader

Mercermen Top Troy Sunday, SH Loses To McAteer; Pocahontas Blue Champ

The Pocahontas Braves, Inter-City Baseball League playoff champions last fall, took a step in the same direction for 1962 over the weekend as they bumped Moose Lodge and Carpenter to clinch the regular season title in the league's Blue division.

Mercer Funeral Home tightened its grip on second place behind the Braves with a 9-4 win over Troy here Sunday and a split with Granite City Sacred Heart yesterday at Wilson Park.

But the Hearts, who were unhandled by McAteer Glass Sunday, 16-7, fell to third place in the Red division after losing two out of three over the holiday weekend.

Pocahontas clipped the uncrowned champions of the Red division, Moose Lodge of East St. Louis, 8-5 on Sunday afternoon, then wrapped up its second consecutive division win with a 10-0 whitewash of Carpenter on Labor Day.

The Moose, who won their division crown a week ago, came back Monday to stop local rival McAteer Glass of East St. Louis with a late inning rally, 6-4.

Other Sunday contests showed Collinsville a 14-3 winner over Roxana, and Maryville taking Carpenter by an 11-5 count.

Maryville won again yesterday, edging Collinsville 6-5, and thus grabbing second place away from the Hearts, who now have a 12-9 record. The Red Sox are 13-8.

Roxana pulled a 9-6 surprise on Troy yesterday, with the victory only in the third in 21 tries by the Merchants this season. The Sox needed a big inning Sunday to shake of the pesky Troy Redbirds, and got it when it came up in the seventh with seven runs on five hits in a big eighth inning to overcome a 3-0 deficit.

Bob Allen contributed a big double in the frame, and Charles Johannmeier drove in two runs with a single later in the inning as the Mercermen beat Gary Weismeyer. Charlie Papp started for Mercer, with Jack Bueckner relieving in the sixth and picking up the win.

Back-to-back triples by Bob Stegmeyer and Stan Fincher put Mercer in the eighth and ninth for the first time in the fourth.

The Hearts teed off on starter Bueckner for four runs in the first inning of yesterday's first contest at Wilson Park. Bueckner lasted until the sixth, when Dick Portell took over and pitched a 7-1 hitless work.

Ed Opich drove in one of the four runs the Hearts gathered in the first, and Bob Allen drove in another. All four were unearned as the result of two errors on the Mercer infield.

A walk and two errors by the Hearts gave Mercer a run in the eighth.

The second, but Sacred Heart countered with three markers in the fourth on singles by Bob Burns, Diak and Manager Paul Schuler, two errors and two walks.

Rains Scatters 8 Hits

Harold Tankley drove in Mercer's second run with a sixth-inning single, but winner John Rains, who kept eight hits well-scattered, blanked the Olie Miller-Dick Portell club afterwards.

The Hearts added run No. 8 in the sixth, and a leadoff triple by Rains was followed by another three-bagger by Diak and a single by Bob Price to give the Hearts their final two runs in the eighth and make the final score 10-2.

Papp came back in the second game to throw a seven-hit shutout at the Hearts, whose starting pitcher Ronnie Parker was greeted by a four-run first.

The Hearts caught up by scoring twice in the first and three times in the fourth, both times on only one hit, but Mercer emerged with an 8-5 win.

Both first inning Heart balls came home on Schuler's home run poke after Price had walked.

Mercer tied the game at 5-5 with a single run in the fifth on hits by Jerry Parney and Allen, a wild pitch and passed ball.

Home Runs Break Tie

The game remained deadlocked until the eighth when Papp doubled with one out, Don Crabtree drew a walk and Rich Braining hit one out of the park.

Rains relieved Parker at this point, but the damage was done. Neither team added to the score afterwards, although both threatened and left two men on base in the eighth and ninth.

On Sunday, McAteer Glass stunned the Hearts with a nine-run fifth inning, overcoming a 3-5 lead which the Granite City team had built up at that point.

Pauley And Walker Take Track Wins

Art Pauley captured the 15-lap feature race for super modified stock cars Saturday night at the Tri-City Speedway, and Garland Walker was first across the finish line in a special double oval race for fender class cars, which utilized both the quarter and half-mile tracks at the speedway. A crowd of 1500 persons was on hand for the 10-lap race.

Dave Hollis and Gene Hanner were the 2-3 finishers in the feature race. With Spaulding turned in the fastest qualifying time of the night, but had mechanical troubles and did not finish the feature.

Hanner won the handicap race for the six fastest cars in the modified class. Modified heats went to Mac McGowan and Chuck Taylor.

The amateur class feature race was won by Don Scoggins, with White Henderson second and Bill McClelland third. Scoggins and Pete Oster won amateur heats.

Following Walker at the finish of the double oval feature were Louis Jarmen and Jack Sauls. Walker won one fender heat event and Harvey Nichols took the second.

Next Saturday the track will feature a destruction race, with the drivers of the six top modified cars, changing mounts to drive fender cars in a race where the last car running on the track is declared the winner.

Wins Women's Trophy In Scuba Spearfishing

Mrs. Louise Brown was the only winner from among Bubblemasters Adult diving club members who entered the St. Louis area Scuba Diving Association's second annual treasure hunt and spearfishing contest held over the Labor Day weekend at Bull Shoals lake.

Mrs. Brown took the women's first place trophy in spearfishing. Rev Homer of the Bubblemasters missed third place in the men's competition by 2 1/2 ounces.

No-Hitter By Kofahl; Local 16 Wins, 1-0

Terry Kofahl twirled no-hit baseball Saturday at Forest Park in St. Louis to lead the Local 16 Rockies to a 1-0 win over Overland and the playoff title in the Junior Inter-City Baseball league.

Kofahl faced only 24 batters in fashioning his gem, walking one and hitting two.

The Rockies gathered four hits, and scored the game's only run in the second when Glen Hoffmann singled, swiped second and came home on an error on the Overland infield. Joe Fanning had two hits for the winners, a single and triple.

Missing Girls May Be In Alaska With Mother
Ben Forsyth, 35, of 3124 Roger avenue, is hoping legal action taken by his attorney will result in the return of his two teenage daughters. The girls are believed to be in Fairbanks, Alaska, with their mother, whom Forsyth divorced in 1961.

The girls disappeared from home on Aug. 23, a half hour after they talked to their mother on the telephone.

The elder of the two, Laura, 14, is a student at Prather Junior high school, Lavern, 13, who has started school in Granite City today. She had been living with her grandmother in Joplin, Mo., and Kingman, Ariz., until rejoining her father here recently.

Forsyth was given custody of the children in California first. He later received custody in Missouri when his divorce became final, he told local authorities.

The girls' mother, Mrs. Doris Rose, now lives in Fairbanks where her present husband has a television repair shop, Forsyth said.

Forsyth and his present wife are the parents of another daughter, Lorraine, 10, years old.

Both the father and stepmother of the missing girls work for Mrs. Forsyth. She said that the girls told Lorraine they were going to see a friend and would be back about 5:30 p.m. But they took their clothes.

At 5:30 p.m., Mrs. Forsyth talked to Lorraine on the telephone but neither knew at that time the other girls had disappeared.

At 6 p.m., before Mrs. Forsyth arrived home, Lorraine received a telephone call from the mother of the older girls. She told Mrs. Rose that she was at the airport with the girls and was taking them to Alaska.

According to Mrs. Forsyth, Lavern had seen her mother only once since the divorce and that she was nine years ago. Laura had not seen her mother for 11 years.

Mrs. Forsyth said she had corresponded with the girls' mother several times a year, usually at Christmas and before the girls' birthdays. A year ago she said, the mother began to correspond directly with the girls.

The appearance of the mother here did not come as a surprise, however. She wrote and said she had taken up the case of acquiring the 15 privately-owned train lines.

Further Study On Lake, Basins
Ownership of other tracts along the west bank of Horseshoe Lake is to be checked for possible relocation of the proposed pollution abatement settling basins of Granite City Steel Co.

The decision was made during a meeting Thursday afternoon of officials of the steel company and the Horseshoe Lake park group. In attendance were Henry D. Karandjeff, chairman of the lake park commission, and members State Reps. Lloyd "Curly" Harris and Ralph Smith and C. H. Sheppard of the engineering firm of Sheppard, Morgan & Schwaab, Nicholas P. Veeder, president and board chairman of the steel company; William Bascom and James Hamilton Jr., vice-presidents; G. W. Hoelscher, secretary of the East Side Manufacturers Association, and the host, Ernest A. Karandjeff, president of the Granite City Trust & Savings Bank.

During the meeting, held in the board room of the Trust bank, the steel mill officials restated their point of not selling the present 512 acre tract, including about 300 acres of the lake, until another location is found for the settling basins. The lake park group reaffirmed its desire for relocation of the basins to the southeast of the Alton & Southern Railroad tracks.

Bi-State Agency Has Transit Fund Balance
The Bi-State Development Agency had a balance of \$47,775 on June 30 in its transit fund, a report to participating municipalities showed last week.

The fund covers the feasibility surveys into unification and the St. Clair counties, the city of St. Louis and St. Louis county.

The fund for the survey activities are originally set up at \$100,000 each by the cities of St. Louis and St. Louis county and \$50,000 each by the cities of Granite City, Alton, Belleville and East St. Louis.

Lavern had seen her mother only once since the divorce and that she was nine years ago. Laura had not seen her mother for 11 years.

Mrs. Forsyth said she had corresponded with the girls' mother several times a year, usually at Christmas and before the girls' birthdays. A year ago she said, the mother began to correspond directly with the girls.

The appearance of the mother here did not come as a surprise, however. She wrote and said she had taken up the case of acquiring the 15 privately-owned train lines.

Probation Hearing For GC Man Is Continued
The probation hearing of Donald Carey, 21, of 2455 Logan street, was continued Friday for one week by Circuit Judge Joseph Barr. Carey originally was given three years probation for a Granite City tavern break-in of March 1961.

In October, the court was petitioned to revoke his probation on the grounds he was not reporting to his probation officer as directed. The petition was denied and Carey resumed probation on May 2 this year after spending four months in the county jail awaiting a hearing.

It is now alleged that he was one of three persons involved in the theft of an auto and subsequent break-in at Rome & Roy's tavern in Granite City on May 15.

It is expected that a decision will be made Friday on whether or not to revoke his probation.

Trolley Track Removal Hearing Set Tomorrow
A hearing is set for tomorrow at Springfield before the Illinois Commerce Commission on a petition by the city of Granite City for Illinois Terminal Railroad Co. to remove its abandoned trolley tracks from city streets.

An earlier hearing was held in April when the continuance was granted.

MAKE FIRST UF DONATION—These six children, all residents of the Miracle Manor area raised \$12 by putting on two performances of a backyard variety show. They turned their check in to the Tri-City United Fund on Saturday, specifying that it be used for cancer work. Their check was the first individual donation to the 1962 UF campaign. Making the presentation to John Solenberg, UF head here, is Patty Lew, 4, Olin (left to right) are Kathy Greer, Mona Moran, Debbie Smith, Sheryl Law and Connie Smith.

Backyard Performance Nets Kids \$12 For UF

The new United Fund drive tallied its first contribution: Fifty-seven persons attended two performances of a variety show Thursday afternoon in the garage of Mr. and Mrs. Edward Greer, 2216 Orville avenue. The show was put on by six children, all residents of the Miracle Manor area.

The children raised \$12 to be designated for the cancer division of the United Fund. Admission was five cents a person and fruit and ale was two cents a glass. The admission and refreshment take was augmented by the generosity of the patrons, many of whom paid several times the stated prices.

Matinee, Evening Shows
Performances were held at 2 p.m. and 7 p.m. There were 45 in attendance at the afternoon show and 12 at the evening show. The second performance was put on as the "daddies" could see their children.

The children were Kathy Greer, 10, Connie Smith, 10, Mona Moran, 11, Debbie Smith, 10, Sheryl Law, 10, and Patty Lew, 4. Each performance lasted one hour, with the children doing individual dances, songs and pantomime numbers as well as group numbers.

Picked Own Purpose

The show was the children's own idea, according to Mrs. Greer. She said they also picked their charity.

The children also outfitted themselves in costumes and make-up. Mrs. Greer said the only help they had was with decorations.

All the friends and relatives of the neighborhood were notified of the performances and asked to attend.

Saturday morning the children turned the money over to John Solenberg, executive of the Tri-City United Fund. They specified that it be used for the Cancer Fund.

Solenberg said the money was the first individual donation received for the 1962 United Fund campaign.

25 YEARS

The following items were taken from the files of the Granite City Press-Record

Tuesday, Sept. 7, 1937

Arthur Varnum, whose father, Earl Varnum is a Rotarian, was a speaker at the Rotary meeting at the YMCA today. He is a midshipman at the Annapolis Naval Academy and has recently returned from a cruise.

He graduated from high school with honors and was in Illinois university one year where he won honors.

A short time ago a service station operator at 27th street and Nankenski road acquired a huge police dog to guard his station.

Every night before going home he locked his ferocious watch dog inside the station and he frequently boasted that "anyone who tries to rob me will be sorry he ever saw the inside of it."

He went to the station as usual Sunday morning—but that was all that was heard of him. He found a latch had been broken on a side window to gain admittance and while he was there he was ransacked, nothing was missing—except the dog.

A little further south he found his "ferocious guard" tied securely outside the station where the thief had left him.

Associated Retailers is making a big hunt for new members. The suggestion has been made that the name has been modified slightly to indicate the enlarged purpose of the organization. The plan is to make the organization the chief one of the city, to make it a civic as well as a merchants' club.

Oscar Neigenfind of this city, George McGarran of Madison, and Tiney Monroe of Venice, who attended the national convention of the Veterans of Foreign Wars, held in Buffalo, N. Y., returned home Saturday morning. They reported one of the most successful conventions ever held by the VFW with a record-breaking attendance.

The settlement of the strike at the American Car & Foundry Co. is good news to this community which has been happy so far in labor relations. The summer vacation period is over and people are all home again ready to work. The American Car & Foundry Co. has been shut down for two years and for it to be operating again is a good omen.

There is no doubt that many of the employees were inexperienced and will have to be trained and instructed before ceasing the union wage demand for such men the company cannot afford a great deal.

Mr. and Mrs. J. C. Briggs of Iowa street are in the Okla. for a visit of indefinite duration.

The Business and Professional Women's club is to have its first board meeting of the season at the YMCA tonight.

DEBATE DRAINAGE IN ADVANCE OF ELECTION

To the Editor:

An open letter to the mayor and his "mutual accusation society."

We have been well-supplied with accusations of war and who made our garbage mess, after a costly waste of many tax dollars.

How about you same "concerned" officials debating the sewer mess in bold publication before we reject or accept the only plan we really have been offered—a \$10,000,000 dollar "tax bargain"? Or will we again have to wait for the next election after Oct. 2, when you feel they may pay you to start talking?

We don't expect any remarks from the rest of you who are Fifth Amendment officials.

I know we need prompt action. I want to trust this so-called citizens' plan, but I must admit it scares me because the mayor seems to be for it. Why? All his plans have been drainage plans on tax funds, in my opinion. Who will really gain by this drain?

BEWILDERED

NOT ENOUGH ORDER STATE PARTY DELEGATES

To the Editor:

In a previous publication of the Press-Record, announcement was made of a state convention, the purpose being to instruct and set the party machinery in motion to increase party support in the November election.

To me, the selection of delegates and alternates smells of incompetent and improper leadership in building up a committee which possesses a get-up-and-go spirit.

In their selection of delegates, only two senior committee members were chosen. The additional delegates were new, own tax payers and possess a poor knowledge of the concept of government and its method of successful operation.

My theory is that educators of government do not call upon the students to form the policy of a successful campaign. Never in past history has there been born

Homers Kincaid of Granite City, driving for Clem Herr, also of Granite City, in the show Sunday in the fifth annual Power Boat Association races at the YMCA today. Kincaid won five races out of six on the program. He took first heat in the class of B and C races, finished first in the initial heat of class C and second in the second heat of the same class.

Mr. and Mrs. Harry Allen, Mrs. Edith McCasland and Mrs. Rena Swaney motored to Chicago for the weekend.

Mr. and Mrs. Walter Eberhardt went to Decatur for the holidays and during their stay attended a reunion of the Eberhardt family.

Mr. and Mrs. W. H. Davis and son, Mrs. Davis mother, Mrs. George Devine spent the holidays in Bloomington.

Community high school enrollment reached 1270 today, it was announced by Supt. Paul A. Griggs. This is more than last year. Of the total enrollment, 1007 are in the academic department and 263 in the vocational department.

Mr. and Mrs. Clarence Walters of Delmar avenue had as their guests over the holiday weekend their nephew and niece, Mr. and Mrs. Ralph Burnell of Greenv, Ind.

The annual election of officers of the Women's Christian Temperance Union took place Friday afternoon at the regular meeting of the Union at First Presbyterian church. Mrs. M. H. Smith was elected president.

Mr. and Mrs. Paul Cooper and daughter, Barbara, Mr. and Mrs. Felix Gotsa and son, Felix, and Mrs. Gotsa's mother, Mrs. Griggs, spent the holidays at the Griggs home in Giant City, Ill. Sunday. Several hundred persons were present at the reunion. It will be held next year at Murphysboro, Ill.

Robert Butler, salesman and recent graduate of Community high school, delivered an interesting address on "Co-operation" Thursday night at a meeting of the Commercial Horace Meadows is president of the club.

Mrs. Walter Aemling entertained the G.O.S. Pinocchio club. There was a good time being held at her home on Grand avenue.

Juniors of the Venice Baptist church enjoying a watermelon social Friday evening, arranged by Mrs. Lily Overby, Mrs. Ann Burns and Vopai Martin. Attending were Mrs. Bertha and Florence Spangler, Bertha Barr, Alta Mae McKinney, Annita Forsinger, Campbell, Doris Deckard, Lottie Miller and Flora Miller.

Prizes were given to Melba Persful and Bertha Spangler.

any one man who can lead a district successfully, using his own consensus of opinion.

Gen. McArthur thought Dwight Eisenhower would have been of successful battles of past wars but, without an army of well-trained followers, he would have finished in defeat.

Many delegates were selected who were not even party organization members. One chosen is a non-resident committee member, addressed by the county clerk. One selected under a fictitious address.

Mr. District Leader, an educated and experienced professional committee member is the grass roots of a successful political organization. Don't sell him or her short on ability. Remove the sting of jealousy of ability, and watch the party support increase. Maintain the present attitude, and defeat is assured.

FIFTH WARD RESIDENTS WANT TO BE INFORMED

Taxpayers, you've read in Aug. 30 issue of the Press where a fifth ward group is being organized. This is true, but not under condition's stated.

There was no voting of any official person. It was to inform the people of existing conditions which need correcting and to save money. It costs. There wasn't anything mentioned as for candidates opposing Mr. Nankenski in the next coming election.

Mr. Rutledge gave an interesting talk on the Sanitation Department and while he was here he heard it they would see where with this St. Louis firm he wasn't saving money. It costs. There wasn't anything mentioned as for candidates opposing Mr. Nankenski in the next coming election.

STREET CLEANUP in the 100 block of Abbott street, Venice, by a group of young boys armed with brooms. The boys spent two days sweeping loose dirt off the street. In the group are Albert Turner, 9, of 109 Abbott; twin brothers, Randy and Randy Tolliver, 7, of 118 Abbott; Stephen Spiller, 9, of 116 Abbott street, and Billy Boelling, 6, of 114 Abbott street.

G. C. Lowman, Formerly Of Venice, Expires

A former Venice resident, Grover Cleveland Lowman, 69, a retired railroad switchman, was found dead in bed at his home, 8805 Rock Springs road, East St. Louis, about 9:30 p.m. Friday. He had been ill a year and under treatment at Missouri-Pacific Hospital, St. Louis, for ulcers, diabetes and a heart ailment.

Mr. Lowman was found by his wife, Arvilla, who had heard a noise in his room about 9:30 p.m. He was a native of the Oklahoma Territory and lived in Venice about 30 years before moving to East St. Louis 11 years ago. He was employed by the Gulf, Mobile & Ohio Railroad 40 years before retiring two years ago.

Other survivors are a son, Fred C. Lowman, of East St. Louis; a daughter, Mrs. Fred (Fern) Delagnes of Trona, Calif.; a brother, John W. Lowman of Kingman, Ariz.; a half-brother, Alvin Murray of Pueblo, Colo.; a half-sister, Mrs. Clara White of Arkoma, Okla., and a granddaughter.

Funeral services were held this afternoon in Madison, Ky. Information is given in today's obituary column.

Six Emergency Cases Sunday At Hospital

Six emergency cases were treated Sunday at St. Elizabeth Hospital.

Treated were — Alan Kirgan, 2047 Fourteenth street, who swallowed a quantity of charcoal lighter and underwent a stomach lavage.

Laura Jean Wilson, two, of Rural Route One, whose right heel was bruised when it was caught in bicycle spokes.

Linda Kay Williams, 14, of 2716 East 24th street, who received sutures after cutting her left foot while swimming.

Mark Von Nida, five, of 1305 Kirkpatrick Homes, four sutures to close a cut in his forehead suffered in a bathroom fall.

Don Laule, 16, of 3416 Lydia lane, dog bite to his right leg.

William A. Lee, 46, of 1952 Joy avenue, removal of a fish hook from his chin.

Mark Vizer, three, of 1613 Poplar street, received 21 sutures Saturday for a cut suffered when he fell on a soda bottle.

Carl Dale Kie, seven, 650 Ashland avenue, was treated Saturday for a dog bite on his upper lip.

Struck On Bridge

An auto driven by Omer W. Walsh, 54, of St. Louis was struck from behind Saturday afternoon on the west end of McKinley Bridge when he stopped for a flashing railroad light. The other vehicle then ran into the scene. Police said both autos were heading east.

ACTIVITIES GALORE were in store for two local Explorers Scouts who were delegates from the Cahokia Mound Council to the Conference of Boy Scouts of America held last week in Ann Arbor, Mich. The local delegates, Jack Wood of Post 22 (standing and holding paper) and Francis McBride of Post 13 (seated, foreground), are waiting their turn to take a driving perception test.

GCAARC Aids Those Who Find Normal Classes Ineffective

Four years ago the Granite City Association for Aid to Retarded Children awarded a \$2000 special-education scholarship to a Granite City girl.

Her purpose: to train a teacher for mentally-handicapped children in Granite City schools.

That teacher, Miss Rebecca Glor, joined the staff of McKinley school this month and will represent to that agency, for seven years the United Fund-supported group has fought to improve the general welfare of those two children in 100-mentally handicapped—for whom normal teaching methods and equipment are ineffective.

In addition to its scholarship work the group supports training according to ability for retarded children through attendance to special classes in city schools, Saturday programs, day camp and special events. Its special concern is children who otherwise would have no chance to enjoy the things other youngsters take for granted.

Local Facilities
Facilities for a legal capacity of 60 educable mentally-handicapped children, who can learn basics of reading, writing and arithmetic, are provided by the Granite City school district through four instructors and classrooms. A legal capacity of 30 trainable mentally-handicapped children, whose abilities are on the manual training level, is provided by an additional teacher and classroom.

Saturday activity programs for about seven individuals provides handicraft and games under counselor W. R. Mott.

A Scouting program, unique in downstate Illinois, enrolls ten retarded boys in a Cub Scout pack.

Leading their activities are Culmaster Frank Kraus, Assistant Vern Saunders and two den mothers.

The agency's summer day camp program provides two weeks of handicraft, art, music, outdoor meals and games, and other activities.

About 37 students were enrolled this summer under Miss Margaret Roberts, Maryville grade school physical education instructor, and Miss Glor.

A Saturday spiritual program is provided on an inter-denominational basis. Enrolled are:

DISCUSSION PLANS FOR SCHOOL are (left to right) Mrs. Nelma Black, Granite City Association for Retarded Children vice-president; Miss Rebecca Glor, who attended college under an Association scholarship and is teaching a class for retarded children in the Granite City school system; and Mrs. Georgia Cocagne, association president. The efforts of the United Fund-supported agency in financing Miss Glor's education mean that the Granite City school system has an additional teacher in the much-in-demand field of special education and that the system can open an additional classroom for retarded children.

about ten children under the direction of the Rev. Alfred B. Hope Lutheran Church.

In addition to the general welfare of retarded children the agency is especially interested in the education of teachers for these children. This fall a second student, Miss Victoria Church, will begin special education studies with the aid of the Association's four-year, \$2000 scholarship. The agency hopes she will return and teach in local schools.

Another Granite City teacher of the retarded qualified as a special education instructor through summer study under grants from the association. She is Mrs. Evelyn Gavin.

Noonday Optimists Hold 'Sing Along' Program
"Sing along with Mitchell" was the word Thursday evening when Noonday Optimist Club members gathered at the Elks Club for a special dinner meeting.

Jack Johnson, local music store proprietor, entertained with piano selections and accompanied group singing. Led by Floyd Mitchell, who showed slides of song lyrics, members sang a birthday song for Gene Sternberg, Harold Fischer, David John and Fred Werner, and a wedding anniversary song for M. A. Witteczong.

Forty-one members and two guests, William Harris of Wagner Batline Co., Madison, and Lloyd Coffelt, a former resident, were present. The Noonday Optimists hold occasional evening meetings so that members unable to attend luncheons may participate.

5th Ward Group Elects; Sets Goals And Actions

The Fifth Ward Bi-Partisan Club organized as an improvement association during a meeting Thursday evening at the ARF Club building in Lincoln Park with about 60 persons present.

Officers were elected, and the group set forth a program calling for sidewalk repairs, street cleaning and general cleanup throughout the ward.

Officers elected were Mike Mejski, a stockbroker, chairman; David McFarland, vice-chairman; Mrs. Barbara Thrasher, recording secretary; Americk Kachigian, treasurer and financial officer; and guards, Clarence Flicker and Herschel Thresher.

Mejski said the group, which first met in a garage, was not organized as a hate group, but would be made up of citizens working for the good of the community. "We want to be informed, and we want to do it in solving problems."

The next meeting is set for Sept. 13; the place to be announced later.

GC Girl Among Top 15 In Sesqui-Queen Race

Representing the Quad-Cities in the race to be Queen of the Madison County Sesquicentennial is Miss Bernadette Acquaviva, 2445 St. Clair avenue, models her Sesquicentennial buttons and bows. She is the Quad-Cities' representative among the top 15 candidates for Queen of the Madison County Sesquicentennial. If Miss Acquaviva sells the most tickets for the Sept. 10-15 pageant, "Our 150 years," she will win a trip to Bermuda for two.

Striper at St. Elizabeth Hospital, in addition to her Junior Achievement activities.

To win the contest, Miss Acquaviva, 17, must sell the most tickets to "Our 150 Years," a historical pageant beginning at 8 p.m. on Sept. 10-15 at the Kettle River property near Edwardsville on Route 150. At stake is \$4400 in prizes, including a trip to Bermuda for two and other prizes for the Queen and her court of six.

To achieve her goal, Miss Acquaviva has armed most area businesses with pageant tickets at \$1 each and is selling them from her home at 2445 St. Clair avenue. She is a daughter of Mr. and Mrs. Bernard Acquaviva.

Salesmanship comes naturally to Miss Acquaviva; during her years at Granite City high school she was one of the top participants in the local Junior Achievement program. She was vice-president in charge of sales for a local J. A. corporation producing aluminum griddles.

She was elected secretary and named Top Achiever in the Mississippi Valley Achievers' Association, as well as being a top saleslady for the local organization, she holds two first-place trophies for J. A. industrial corporations, won in National competition.

This week Miss Acquaviva begins pre-medical studies at Webster College. Webster College, Mo. She holds a GCHS Alumni Association scholarship and another scholarship grant from Webster.

"I've always wanted to be a doctor," she says simply. While in high school she participated in Quin-Du club (Tri-Hi-Y) and was a candy-

Former Mary C. Show Dies;

Mrs. Mary C. Shaw, 89, died at 1:30 p.m. Saturday at the home of a daughter in Illinois with whom she had resided for the past year. She had previously lived in Granite City since 1903.

She is survived by three daughters, Mrs. Eureka Breckenridge, Granite City; Mrs. Joseph Evansko of Collinsville; and Mrs. Bonnie Smith of St. Louis; and a son, William Shaw of Granite City. She was preceded in death by her husband, Jeff, one daughter and a son.

Services were conducted this afternoon with interment in Sunset Rural Park, St. Louis.

Driver Flees Crash Scene
Clarence Schumacher, 53, of 2945 Iowa street, who told police yesterday afternoon that he was involved in a two-car crash at 20th street and Madison avenue, said the other driver sped away from the scene. Schumacher said he was traveling north and the other auto, traveling south, made a left turn in front of him. There was damage to the right front of the Schumacher auto.

Plan New Mitchell Plat, Greenway Village No. 2

Characteristic of the booming expansion of the Mitchell area in recent years, the Greenway Village subdivision soon will be supplemented by Greenway Village No. 2.

Morris Realty Co., which took over Greenway Village some six years ago from its founders, presently is planning the new section immediately south of the original subdivision. The new addition will have lots for 50 homes.

One of the older Mitchell additions, Greenway Village was platted in 1950 by the Hardesty Realty Co. The first houses

located By-Pass 66-40, with the later development expanding to the south.

There are now about 30 homes in Greenway Village, with others under construction. The subdivision is now closed. As a well established development, it has the advantages of city water and gas lines.

Interstate Route 270, now under construction, will pass just south of Mitchell and establish new guide lines for future expansion. Greenway Village No. 2 will fill the space between the existing subdivision and the new highway.

Parent-Child Course At Area SIU Campus

A non-credit course in parent-child relationships will begin Sept. 23 at Southern Illinois University's East St. Louis Center. Running through Dec. 8, the class will meet Saturdays from 10:30 a.m. until 12:30 p.m.

Designed to help parents understand why their children behave as they do and to improve family relationships, the course will be taught by Dr. Cameron W. Meredith, head of SIU's Edwardsville Campus Education Division.

Classes will be arranged to allow parents to observe and participate in group parent-counseling sessions and, if desired, to receive counseling in parent-child relationships. A supervised playroom will be available for children from three to 12 while parents are in the classroom.

Parents interested in enrolling may do so in advance by telephoning the university's Industrial and Technical Programs Office in Edwardsville, or they may register the first day of class.

Wheat Farmers In Nation Vote To Keep Controls

While 40% of Illinois wheat farmers voted against government quotas on Thursday, the federal marketing quotas on the 1963 crop received the necessary 66.7% approval in the 39 wheat-growing states.

The referendum pulled a favorable margin of 68.4%, according to an unofficial count. Last year quotas were approved by an 87.4% margin. Returns this year fell below the required two-thirds level in 16 states.

Vandals Damage Building

R. Dron Electrical Co. reported Thursday afternoon that vandals pried nine aluminum letters off the front of their building the previous night. The letters were attached to the building with masonry cement and molly screws.

SERVING RURAL ILLINOIS

Farm Home, 1962

Today's new farm home is apt to have the same smart looks and the same all-electric convenience of the modern city home. Today's businessman-farmer in Illinois makes wise use of electric power to farm better... and to enable his family to live better.

Because electricity does so much for the farmer, serving rural customers has always

been a top priority program at Illinois Power.

Illinois Power has been serving rural customers for a long, long time. In fact, every farmer in our territory who wants electricity has it. We serve more than 100,000 customers in rural areas... more than twice the number served by the taxpayer-subsidized rural electric cooperatives in our area.

old bread pan. The thief also took the pan.

The bus firm office is located on the east side of the garage structure.

Pennies For Safe Thief

Convenient for the thief, a safe door had been left unlocked at Park 'N Eat Drive-In restaurant, Niedringhaus and Madison avenues; but it contained only records. Those he scattered over the floor before looting the cash register of \$3 in pennies and forcing open a file cabinet to get another \$50 in pennies.

The proprietor, Cecil Miner, told police the theft occurred after 2:30 a.m. Saturday. It was discovered about 9 a.m. The thief smashed a window on the west side of the building to gain entrance. He previously had tried a side door, where a screen was cut. Once inside, he ripped the lock and hamp of the side door, apparently planning for a quick exit or to haul off the safe.

Sneak Thief Takes \$89

Walter Miller, proprietor of Miller's Provision Co., at 1728 Edwardsville road, told Madison police Friday afternoon \$89 was missing from the cash register in the store. He said it was taken during the day, apparently by a sneak thief.

Office Equipment Stolen

Office equipment including a typewriter and an adding machine, along with an unknown quantity of uniform trousers and shirts, were stolen Sunday night from Merz Drive-In laundry, 2247 Madison avenue.

Police said a screw driver was used to pry open the door to the office. The typewriter and clothing were taken from cabinets.

A thief carefully removed the front door glass at McCarthy Grocery, 2965 Buxton avenue, and carried it away Sunday night. Police were told the store apparently was not entered.

Burglars Strike Twice

Carl Werth's service station, East 23rd street and Nameoki road, was hit twice by burglars over the long holiday weekend. Last night, an undetermined amount of money was stolen from the coin box on the outside vending machine, and the station was entered Sunday night by burglars who cut a screen on the northeast side of the building and forced a door.

The loot included 50 cartons of cigarettes valued at about \$120; a box of cigars, a box of chewing gum and about \$2 in pennies.

Charged With Shoplifting

A charge of shoplifting was placed against Miss Dorothy Strieunski, 33, of 904 Grand avenue, who was arrested Sunday afternoon by Madison police on a complaint filed by Joseph Richardson of Glick's Department store. Police said they recovered a tan purse valued at \$2.98.

Tavern Break-In

Red's tavern, 5200 Maryville road, was burglarized Sunday night. Twenty-seven bottles of liquor were stolen and about \$10 worth of cigars. A juke box and cigarette machine were broken into and an undetermined amount of money taken. Entry was gained by smashing a glass in the front door.

A garage at the home of Boone Thomas, 2573 Grand avenue, was entered by burglars Sunday night. Missing were a 22-inch rotary power mower, a brush and three bits and a set of socket wrenches. Thomas said the garage was unlocked.

day afternoon that two attempts had been made to break into his home. At 1 a.m., a kitchen window was smashed by a would-be thief who then fled. Also on the previous night, an attempt was made, he said.

Church Entered

Hallett Borders, 200 Wilson road, told Venice police Thursday afternoon the Vernon Chapel Church had been broken into last week. He said a night litch on the front door was broken and desk drawers were ransacked, but nothing was missing.

Four large hubcaps were stolen off the 1955 auto of Lester Wood, 1738 Second street, Madison, Sunday night when the car was parked on a downtown Granite City lot, it was reported to police.

Joe Kasproovich, a postal employee, removes mail from the box on the east side of the street while an auto stops at a similar box on the opposite side. The post office is in the background.

RECONSTRUCTION AT NESTLE CO. where excavation work is underway. L. R. Causey, plant manager, said a \$455,395 building permit is to be secured from the city this week for the new buildings to be built by S. M. Wilson

& Co. A separate contract for \$60,800 structural steel work also has been awarded. The new structures for processing instant coffee are to replace a section of the plant destroyed in a disastrous explosion in August 1961.

Madison Post Office Using Outside Box Arrangement

Placement of two new sidewalk mail boxes now enables motorists to stop and deposit mail on either side of Madison avenue in front of the Madison post office.

Harry Johnson, postmaster, said today the new boxes were placed for the convenience of postal patrons so that they will not have to cross traffic to deposit mail.

Formerly, only one box was available for sidewalk deposit. It was located at the corner of Madison avenue and Sixth street, convenient to south-bound motorists only.

Johnson said mail deposited in the sidewalk boxes is removed on a regular schedule which permits it to go out with each railroad train.

The new boxes are part of an extensive project at the post office, including both interior and exterior work.

Johnson said new wiring and lighting fixtures have been installed, and a new floor has been installed in the postmaster's office. Inside painting is to begin soon.

Work is to start this week on an extension of the parking area in the rear of the building to give access from the alley, and a new flagpole is to be erected in front of the post office.

Trees which presently stand between the parking area and the alley are to be moved to the front of the building, Johnson said.

In all moral revolutions, from a lower to a higher condition of thought and action. Truth is in the moral, and afterwards in the material sphere.

—Mary Baker Eddy

Great revolutions are the work rather of principles than of bayonets, and are achieved first in the moral, and afterwards in the material sphere.

Johnson said new wiring and lighting fixtures have been installed, and a new floor has been installed in the postmaster's office. Inside painting is to begin soon.

In Memoriam 33
In loving memory of CHARLES G. WARD who passed away Sept. 4, 1934.
I often sit and think of him when I am alone.
For memory is the only thing that grief calls its own.
My heart is filled with sadness.
My eyes shed many tears.
God only knows how I miss him.

Stamping Firm World Leader

Though no longer in existence here, the National Enameling and Stamping Co. for many years was the key industry in the Quad-Cities. Parent firm of Granite City Steel Co., the stamping works led directly to the establishment of Granite City, which was named for its grantware products.

Fred W. Kottmeier, who took over from office boy to assistant manager after becoming associated with the infant firm 71 years ago, gives the following account of the Granite City industry, which grew from a tin shop to the world's largest producer of household and kitchen utensils.

"Founding of the National Enameling and Stamping Co., Inc., in 1889 was a noteworthy and important event in the history of American industry.

"It was in 1883 that one of the Niedringhaus brothers began in a small way as a tin shop. Later, the tin shop was incorporated as the St. Louis Stamping Co. In 1889, this corporation became part of Nesco.

Metal Originally Imported

"Granite iron was the principal product of the factory at Second street and Cass avenue, St. Louis. Many tons of sheets used for manufacture of the products were imported from Europe, transported to west St. Louis and then consigned via ferry boat and transferred by trucks to the Cass avenue works. Tinplate consumed in the production of stamped tinware, pieced tinware and japanned ware was imported from England and Wales.

"The St. Louis Stamping Co. was the original producer, in America, of hot-dipped tin plate.

"Excessive delays in making deliveries from Europe, as well as high tariffs, resulted in the construction of rolling mills in North St. Louis for production of black sheets.

Embossed Dinner Plates

"Steel bars obtained from domestic mills were rolled into sheets for fabrication of enamel ware, and some tinware was reduced to lighter gauges for conversion into tinplate. It was during the early 1890s that the company produced physical evidence, at a banquet of silver and manufacturers, of an abundant supply of embossed dinner plates manufactured from St. Louis tinplate.

"At approximately the same time, an idea was conceived by the founders of the St. Louis Stamping Co. and the Granite iron rolling mills—later Granite City Steel Co.—to locate their growing manufacturing business in an area offering greater opportunities for expansion.

"Farm lands in Madison county, just across the Mississippi River from north St. Louis, offered possibilities for the expansion and resulted in founding of the city of Granite City.

"Importance of Granite City as a manufacturing center is recognized by the most experienced captains of industry, and it must be admitted that Granite City's record, with many important industries representing an investment of many millions of dollars, is one unlikely to be outdone by many communities for years to come. The transformation of a village into a modern city has been an outstanding example of American genius and enterprise.

Ideal Location

"The city was laid out and organized by F. G. and William F. Niedringhaus, St. Louis manufacturers who for many years were among the largest employers of labor in that city. They selected Granite City because they recognized the value of its location.

"In management of their steel and tinplate properties, they were assisted by their sons, Thomas K. and George W. Niedringhaus. In 1896 the city was incorporated, and the change which took place during the next decade was nothing less than marvelous.

"About 1899-1900, when traveling in Germany, W. F. Niedringhaus had viewed stream-lined plants in operation. There he seemed to locate an idea for expanding and strengthening the business was under the leadership of President Alfred Kieckhefer, who came to Granite City Steel Co. board. A separate steel firm was formed in 1927.

"Along with the original granite products, the company produced Nesco automatic electric toasters, casseroles, and broilers. Nesco industrial products, casseroles and other electrical appliances were transferred from the company's plant in Jacksonville, Ill.

"During World War II, National Enameling and Stamping Company, which produced five-gallon 'Blitzkrieg' cans designed to hold fuel or water and to float with all but the top quarter inch submerged.

Single-Coat Process

"Selling price of this triple and quadruple coat-enamelled ware had to be so high it could be sold only in a limited market. Thus, experiments were conducted with a single-coated mottled grayware. Patents covering this new process were obtained in 1928, and it eventually became known as Nesco royal granite ware.

"Granite rocks or boulders were obtained from Missouri quarries. These were heated to a degree of redness and then raked into tanks of cold water, which made crushing them an easy matter. This material was pulverized to the fineness of wheat flour and formed one of the principal ingredients of enamel frit.

"Pulverized granite stone later was supplanted by the use of silica and spars. The special clay, required for holding enamel in suspension and for melting into grayware, was located accidentally after being shipped from central Missouri by a farmer to a commission agent. After being reduced and mixed with liquid enamel, it was used for coating the original granite ware. This work was done in St. Louis and was transferred here. Proud of their product, they named the new city for it.

"With their broad conception of events, these men saw that

Granite City also could be developed by the founding of a rolling mill to make steel from raw materials in open hearth furnaces and continuous mills. Building of the steel works was started in 1895.

"What today would be a miniature part of the rolling mills was a plant of large tonnage capacity at that time, producing tons upon tons of sheets daily to be converted into Nesco products at the main Nesco plant on Niedringhaus avenue.

Founders, Leaders of Firm

Kottmeier, himself active in the civic life of Granite City for many years, displayed keen recollection of names and dates when interviewed. He recalled that when Nesco was formed in 1899, participants other than the Niedringhaus family included F. A. W. Kieckhefer of Kieckhefer Brothers & Co., Milwaukee; W. H. Matthai and George W. Knapp of Matthai, Ingram and Co., Baltimore; and Frederick Haberman and A. M. Steinhardt of Haberman Manufacturing Co., New York.

"P. G. Niedringhaus, nationally known as a member of the U. S. Congress, was president of Nesco to 1907. F. A. W. Kieckhefer to 1918 and G. W. Niedringhaus to 1928. After 1928, the job of expanding and strengthening the business was under the leadership of President Alfred Kieckhefer, who came to Granite City Steel Co. board. A separate steel firm was formed in 1927.

"Along with the original granite products, the company produced Nesco automatic electric toasters, casseroles, and broilers. Nesco industrial products, casseroles and other electrical appliances were transferred from the company's plant in Jacksonville, Ill.

"During World War II, National Enameling and Stamping Company, which produced five-gallon 'Blitzkrieg' cans designed to hold fuel or water and to float with all but the top quarter inch submerged.

Used to Keep Strategic Supplies

almost invisible as they were being accumulated in waterways, the cans were credited with materially aiding the war effort. They were patterned after containers initially used by Nazi forces in the drive against Norway.

"The plant also produced steel drums, food cans, and chemical warfare products.

"Proud of the industry's record, Kottmeier was saddened by the curtailment of its local operations after the Wolfson interests and New York Shipbuilding liquidated enamel, it was used for coating the original granite ware. This work was done in St. Louis and was transferred here. Proud of their product, they named the new city for it.

Banks, Saloons Targets Of Gun-Toting Bandits

Banks were a favorite target of robbers in the Quad-Cities. Many made good on their theft attempts, but others were either shot at or captured later.

In the latter category were two of the three bandits who obtained \$16,000 from the Tri-City State Bank in Madison in July 1932. Cash recovered totaled \$13,100. The trio had locked Cashier Robert Studebaker and four others in the bank vault. The sum was robbed of \$12,000 by four armed men in the summer.

Three bandits obtained \$12,500 in a daylight holdup at the Venetian State Bank, Broadway and Third street, July 7, 1932. An assistant cashier and bookkeeper were locked in the vault.

Three in Same Month
The Tri-City State Bank lost \$8000 Aug. 11, 1932, to three men who fled into a valley of shrubs. A trio seven days later robbed the Union Trust Co. bank, 1215 Broadway, July 23, 1932. Four days after this, the Venetian State Bank was robbed of \$3800 by four.

To help combat the crime wave, five motorcycle deputies began patrolling Madison county in November, 1932, armed with riot guns and tear gas. They arrested three bandits who had lost \$100,000 to robbers in a three-month period.

Four bandits were arrested in a \$15,000 Terminal Railroad Association payroll at the Venetian State Bank, July 24, 1932. One of the four was shot in a gun battle.

Three armed men took \$15,000 from the First National Bank, Fourth street and Madison avenue, Sept. 12, 1932. At the same place, a trio obtained \$5000 July 18, 1931.

Three men took \$10,000 from the Granite City Trust and Savings Bank July 28, 1932, despite being fired on by the assistant cashier.

Kidnapings Plagued This Area During Early 1930s

Kidnapings plagued Quad-Cities during the early 1930s. Eighteen prominent businessmen were kidnaped in a Massey Dairy Co. truck in July 1933, a news article related. It was not until the end of the story that the incident was revealed as actual but relatively unimportant.

An attempt was made to kidnap Herman Schermer, Madison banker, in August, 1931. When he fought his three assailants and called for help, they fled.

The kidnap and robbery danger was regarded as so great at one time that sending of payoffs by registered mail was ordered stopped.

In the famous August 1932 event, a take place in the Quad-Cities was the raid May 12, 1930, by 30 Illinois state troopers on a bank in Chicago. The bank and 200 Club in Madison. It set a precedent for state action and touched off a series of events which has led to an era of progress and respect for the law.

The two gambling casinos, which were operated by the up-and-down pattern in their operations, were not running but were being dismantled. They were a big business when the surprise afternoon raid took place. The state police were acting under the orders of Gov. Adlai Stevenson, a Democrat, in halting flagrant law violations.

Three operators and 48 employees were arrested, and large quantities of cash, gambling equipment and records were seized. The books of the casinos, which had been kept in the daily betting business had been running at about \$40,000-\$50,000 at Hyde Park and \$10,000 at the 250 Club.

Though the establishments and their predecessors had sought to retain an air of gentility and fair play, as well as benevolence toward local residents, there was increasing infiltration by mobsters, and beatings and shootings occurred. The death of a 42-year-old French war worker near the 205 gambling club on Madison avenue in April 1935, but nothing could be proven.

State's attorneys instituted a policy of seeking information, resulting in gambling fines in the courts. Those named usually were related, and they paid penalties for second violations that did not materialize. Both the 200 Club and Hyde Park were closed in 1936, and Granite City handbooks of the time listed at least 100 cigar stores—were added to the list of informations filed.

The home of State's Attorney Burton was bombed in December 1947 and in June 1949 shot-gun pellets were fired at the 200

Saloon Holdups

Many saloon raids occurred with accompanying violence. Three unmasked bandits killed a bartender and a customer at the Lakatos saloon, Pacific avenue and Spruce street, Feb. 24, 1935. Two of the three were guilty and sentenced to 14-year prison terms.

A woman was killed and three persons were seriously wounded in a holdup June 4, 1931, at a saloon and boarding house at 722 State street.

The home of Fred Kubi, banker at Broadway and McKinnon avenue, Venice, was robbed of \$35,000 in notes, bonds and deeds Nov. 3, 1938. He had intended to return the documents to the bank the next morning. Also taken was jewelry valued at \$1000.

Revolver Duels

Patrick J. Nally, treasurer of the Granite City Paper Co., was slain in a revolver duel with St. Louis gangsters in July 1930. Edward Ross Johnson was seriously wounded in the battle at 19th street and Clay.

Two men were killed with gangsters, who were fleeing after robbing a bank. A woman and child were slain March 20, 1932, when they engaged in a revolver duel with Wm. Nally and several other bandits shot drink parlor at 2400 E. wards street.

Granite City Steel Co. payroll was taken from a bank cashier by five robbers in a holdup at Broadway and McKinnon avenue, during a 1932 robbery.

"Strip bands" were active in 1938. A gang of seven men and a woman forced robbers to disrobe so they could identify them. The victim was taken to a hospital and died of the robbery.

WHAT PROMPTED two men to stage such a fight in the first place was the money.

It all began when the old Pastime Athletic Club in St. Louis, located at Spruce and Madison, was down from Milwaukee to serve as a trainer for club fighters in 1930.

Crosby had a fine reputation as a trainer and, in addition, was the heavyweight of considerable merit.

He had not been at Pastime long when he was called to the ring by casting about for an opponent for Crosby in hopes of increasing the club's prestige.

To Crosby's backers, Sharpe was the logical selection. Harry had won the Missouri light heavyweight title two years ago. If he could be persuaded to defend his crown against Crosby, the club's prestige would be increased.

After the fight, Harry was to be \$500, winner took all.

World's Longest Prize Fight Here

Ever hear of Harry Sharpe or Frank Crosby?

Unless you are an avid student of boxing history or one of the really old-time residents of the Quad-Cities, chances are the names fall to sleep on your memories.

Sharpe and Crosby have a claim to fame which has outlived them both, and many of the legends of the sport are the most spectacular in pugilistic history, which occurred almost 70 years ago in the Quad-Cities.

They were the principals in the longest "bare knuckle" boxing bout to end in a knockout which has ever taken place in America under the Marquis of Queensberry rules.

It is an old claim to sports immortality, but one which had so many facets and repercussions that it is a tale well worth retelling.

The bout took place on a cold Sunday afternoon in February of 1933 at an outdoor ring near the intersection of Spruce and Madison roads at the northernmost limits of Granite City, 18300.

Word-of-mouth descriptions passed down by those who saw the fight vary to some degree, but they all agree on several important and interesting points.

Chief among these are the facts that the bout was quite illegal under then current Missouri and Illinois statutes, was the longest under Queensberry rules in which one of the opponents was knocked out, and was the longest without the services of a referee.

It ended in the 77th round when Sharpe declared Crosby a loser, exactly five hours and five minutes after the two fighters had squared off in the ring.

The finish came under the slushy conditions, who had been 300 spectators, who had been brave enough to remain standing during the outdoor fight. The fighter who failed to stand in the rain, sleet and snow.

The fighters were to box three-minute rounds and rest one minute, and the fight would be held under rules of the Marquis of Queensberry.

Rule for the Nemeck fight differed from the old London Prize Ring system which guided the bare knuckle brawls in the late 1800s.

The London rules were a few years behind the ropes—between rounds of course.

The sampled mud around the dance floor began to freeze, and a good many of the spectators returned to the relative warmth of the railroad cars.

Fifty rounds went by. The fighters were dead tired but still game. They had enough remaining energy to cuff one another as clinches were broken, and brought into play all the underhanded tricks which were quite legal before the turn of the century.

Garnett did not seem to mind, either, at this point. Some said he appeared to be enjoying the between-rounds stimulant.

Crosby's legs began to go. Sharpe sensed this, and had said before the fight that if he lasted more than 30th round he felt his chances of winning would be greatly increased.

Both men, headed by a cocky little English middleweight by the name of Tom Kelley, appeared to be enjoying the fight. Sharpe charged Crosby's corner at the opening of a round in an attempt to catch the Milwaukee guard, and was greeted with a faceful of water thrown from a bucket wielded by Kelley.

Followed by Crosby's hand, which had lost most of its sting by this time.

Neither fighter's blows seemed to have any effect, since both were weaker and a combination of so many punches and the cold air had numbed their faces.
